Professional Liability  
Site Pollution Liability  
Excess Follow Form Liability  
Excess Pollution Liability  
Builder's Risk Pollution Liability  
Products Pollution Liability  
Manufacturer's Pollution Liability  
Auto for Hazardous Materials Haulers

When it comes to environmental coverage, you need a professional with the experience and expertise to insure a perfect fit. We understand how to tailor environmental coverage to meet your insured's needs. And, we are able to afford coverage for most clients involved in this field, as well as those with a manufacturing or contracting specialty who may touch on environmental exposures.

*Target customers for all lines including general liability include:*

- Environmental Contractors
- Environmental Consultants
- Environmental Facilities (such as landfills, wastewater treatment plants)
- Laboratories
- Manufacturers

Plus stand alone auto coverage for hazardous materials transporters.

We can write these risks at up to \$100 million each occurrence/up to \$100 million general aggregate/up to \$100 million products/completed operations aggregate. And, we can include fire legal liability and medical payments coverage where needed.

Minimum deductible is \$2,500; minimum premiums start as low as \$2,500.

*Stand-alone pollution coverage is also available for these target customers:*

- Commercial Construction
- Manufacturers
- Warehousing
- Property Owners
- Municipalities
- Schools, Universities

We have several A rated carriers with extensive environmental coverage experience. What we'll need for submissions are:

- Cover letter and environmental application
- Loss information (five years) including description of large losses
- Financial information (two years)
- Permits (facilities)
- Details of expiring program (if any)
- Desired limits and target pricing

We welcome the opportunity to discuss your client's needs. Call us or email us. We'll do all we can to make a perfect fit for you—and your client.
